# Platinum® Xtra 360 herbicide

## Product overview

Platinum Xtra 360 is a high concentration formulation of clethodim. It provides cost-effective post-emergent control of a wide variety of hard-to-control grass weeds in a wide variety of broadleaf crops.

## Mode of action

**GROUP 1 HERBICIDE**

Platinum Xtra 360 herbicide is a member of the cyclohexanedione group of herbicides and inhibits acetyl-CoA carboxylase. For weed resistance management, Platinum Xtra 360 is a Group 1 herbicide. Some naturally-occurring weed biotypes resistant to Platinum Xtra 360 and other Group 1 herbicides may exist through normal genetic

variability in any weed population. These resistant individuals can eventually dominate the weed population if these herbicides are used repeatedly.

## At a glance

<b>High concentration</b>	Platinum Xtra 360 contains 360 g/L clethodim for reduced application rates, transport, storage, handling and waste.
<b>Excellent activity across tough grass weeds</b>	Platinum Xtra 360 provides robust control of a broad spectrum of hard-to-control grass weeds.
<b>Excellent compatibility</b>	Platinum Xtra 360 is compatible with a wide range of other crop inputs for one-pass application.

Weeds controlled/suppressed	Crops
Annual ryegrass ( <i>Lolium rigidum</i> )	Canola
Annual phalaris ( <i>Phalaris minor</i> )	Cotton
Barley grass ( <i>Hordeum leporinum</i> )	Pulses (including azuki beans, broad beans, chickpeas, faba beans, field peas, lentils, lupins and mung beans)
Barnyard grass ( <i>Echinochloa</i> spp.)	Pasture legumes (lucerne, clover and medic)
Blown grass ( <i>Agrostis aveacea</i> )	Legume seed crops
Brome grass ( <i>Bromus diandrus</i> )	Soybeans
Crowsfoot grass ( <i>Eleusine indica</i> )	Peanuts
Feathertop Rhodes grass ( <i>Chloris virgata</i> )	Horticulture (cabbage, celery, beetroot, onions, potatoes, lettuce)
Liverseed grass ( <i>Urochloa panicoides</i> )	Forestry
Paradoxa grass ( <i>Phalaris paradoxa</i> )	Non-bearing fruit trees
Red sprangletop grass ( <i>Leptochloa filiformis</i> )	Ornamentals
Seedling Johnson grass ( <i>Sorghum halepense</i> )	
Silver grass ( <i>Vulpia bromoides</i> ) – suppression only	
Summer grass ( <i>Digitaria</i> spp.)	
Wild Oats ( <i>Avena</i> spp.)	
Volunteer wheat ( <i>Triticum aestivum</i> )	
Volunteer oats ( <i>Avena sativa</i> )	
Volunteer barley ( <i>Hordeum vulgare</i> )	
Volunteer sorghum ( <i>Sorghum</i> spp.)
