Presents

Mirador®

A Broad Spectrum Preventive Fungicide

Preventive application of **Mirador**,
Save the crop from many diseases

Mirador®

Azoxystrobin 23% SC

- ▶ **Mirador** belongs to strobilurin group. It is a fungicide with protectant, curative, eradicator, translaminar and systemic properties.
- ▶ **Mirador** inhibits mitochondrial respiration.
- ▶ **Mirador** is unique and has a very wide spectrum of disease control belonging to all the four classes of fungi.
- ▶ **Mirador** is highly suitable for use in integrated pest management programs, because it is harmless to beneficial organisms such as predatory mites, parasitic wasps, honey bees and earthworms.
